TRUE RELAXATION

The North Star waterproof TV transforms any guest bath into a luxury spa experience. Allow your guests to relax, revitalize and soak in a tub, while enjoying a movie or their favorite TV programming.

Minimalist in design, the NorthStar waterproof TV mounts flush with the wall or on the surface. Integrated waterproof speakers, true hospitality TV, polished stainless frame, and an ultra sleek profile create a lasting impression that helps distinguish your hotel from all others.

NorthStar Recessed

The recessed waterproof TV boasts a sleek stainless steel border, shows a black screen when turned off, and features integrated speakers.

NorthStar Surface Mount

The surface-mount waterproof TV comes with integrated speakers and your choice of a contemporary stainless steel or black frame. Built with V mirror technology, the TV vanishes and becomes a reflective mirror when turned off.

THE WORLD LEADER IN LIGHTED MIRRORS AND MIRROR TV TECHNOLOGY
