Electric Mirror's Visionary is Best of Boutique and will be shown at the Hospitality Design Boutique 2010 in Miami. This luxury medicine cabinet is part of the Impression Collection designed by Jim Mischel, President and Chief Designer at Electric Mirror.

"The Impression Collection is a fusion of design subtlety and modern technology," says Mr. Mischel. "It's a revival of medicine cabinet design for the 21st century."

Mr. Mischel's Visionary is the first medicine cabinet to provide perfect lighting and vivid TV viewing in an ultra-sleek 3/4" mirror cabinet door. The medicine cabinets boast LED lighting, interior mirror doors, extra white glass, ultra-thin LCD TVs, waterproof remotes, two GFI receptacles, mirror defoggers and a satin finish.
