

KEEN TECHNOLOGY

Energy Savings with a Touch**DESCRIPTION**

Keen Technology is an energy-saving, environmentally-friendly Lighted Mirror accessory with capacitive touch sensors on the face of the mirror giving the user full control over eight light output settings, including Night Glow Mode. Keen has an intelligent sensor that automatically reduces energy consumption by 70% after being idle for one hour.

SPECIFICATION STATEMENT

Solution shall consist of a capacitive touch control system integrated into lighted mirrors. Individual controls shall allow for dimming and brightening from 10-100% using separate, clearly marked touch sensors. System shall integrate a separate sensor enabling a night glow mode function that will softly illuminate the touch sensor borders to safely illuminate a dark room. Energy efficiency shall be recognized by automatically reducing the energy consumption by 70% after a one hour idle period, when the mirror lighting remains in an active state. Product shall utilize a soft-start design.

FEATURES

- Affordable installation and acquisition costs
- Eliminates need for costly wall dimmer and related electrical installation costs
- Automatic 70% energy consumption reduction after being idle for one hour
- Soft-start illumination
- Elegant integrated on-mirror capacitive touch sensors
- Guest controllable Night Glow Mode for safety
- 8 levels of brightness
- Patented technology

BACKLIT TOUCH CONTROL

- Night Glow Mode function lights up the touch sensor borders to function as night light
- Dim-up and dim-down sensors control the light intensity from 10 to 100% output

POWER OPTIONS

- A standard wall switch controls the mirror to turn on and off
- Estimated to reduce annual energy costs of lighted mirror by 60%

LIGHTING COMPATIBILITY

- Compatible with LED lighting from Electric Mirror

SAFETY

- Night Glow Mode feature emits a soft glow for safety in a dark environment
- NEC Code 250.20 (B) requires this product must be connected to earth ground
- Improper ground can result in irregular operation

COUNTRY OF ORIGIN

- Designed and manufactured in the USA

WARRANTY

- Electric Mirror 3-year limited warranty
- Electricmirror.com/warranty

COMPATIBILITY

- Select small or narrow dimensional lighted mirrors may not be capable of physically integrating this product
- Available in North America and International configurations
