

Quad Fusion™ Lighted Mirror

DESCRIPTION

The Quad Fusion™ Lighted Mirror by Electric Mirror has four bands of vertical frosted light on the left and right sides and through the middle of the back lit mirror and comes in two standard sizes. Quad Fusion features long lasting lamps, natural light temperature, anti-corrosion mirror treatment, energy efficiency, and is proudly designed and manufactured in the U.S.A. Quad Fusion can be customized with many different upgrades and to virtually any size. Featured upgrades include Dimming, LED Lighting, a 15.6" TV. Quad Fusion is the perfect luxury addition to any bathroom in hospitality, commercial, retail, or residential settings.

SPECIFICATION STATEMENT

Design of the illuminated area shall include four vertical frosted windows. The top of the lighted mirror above the bathroom vanity shall be a minimum of 78" (198.2cm) above the finished floor. Mirror glass shall be DuraMirror. Electrical connection shall use MC cable brought through the chassis knockouts. Electrical power to the mirror shall be switched via a separate wall-mounted light switch.

Fixture shall be mounted to wall studs to provide sufficient support for the weight of the finished product. Mounting holes shall be provided in the chassis.
