

ELECTRIC MIRROR®

Installation Training Programs

Electric Mirror's Installation Training Programs ensure that your project will have maximum success. We accomplish this by sending one of our highly skilled Product Experts to your job site to train your technical team or AV integrators so that they can complete installation of our products correctly.

Our Product Experts will handle all troubleshooting so that your new Electric Mirror products will seamlessly integrate with your TV networks, hardware, software, and other internal systems.

Add our Installation Training or AV Integration Support to your order today!

Installation Training Package

SKU: *Installation Training*

The Installation Training Program is the essential package for a hotel opening or remodel. Our Product Experts will train your staff on-site on how to install your new Electric Mirror products.

- **\$1200 per day, per Product Expert, + Airfare and Hotel**

AV Integration Support Package

SKU: *AV Integration Training*

The AV Integration Support Package is essential for any new Mirror TV purchase. Our Product Experts will ensure that your hardware, software, and IP integration is done flawlessly. We will train your AV integrators on how to use our channel mapping, smart connection to set-top boxes, ProChannel, IPTV integration, and much more.

- **\$1500 per day, per Product Expert, + Airfare and Hotel**

To order: Contact your Account Manager at Electric Mirror to add these products to your purchase.
