

BEYOND THE ORDINARY

ELECTRIC MIRROR®
Product Guide

LOFT™ MIRROR TV

INTEGRITY™ LIGHTED MIRROR

Undisputed Leadership

that is admired and respected worldwide.

Founded in 1997 in the Mischel family garage, Electric Mirror has grown to become the global leader in mirror technology. Today, over one million people across 100 countries delight in Electric Mirror products. And every single day, more designers, architects, purchasers and owners around the world are choosing Electric Mirror products to transform their spaces and captivate their customers.

ACCLAIM™ FOG-FREE MIRROR (LEFT)
FUSION™ LIGHTED MIRROR (RIGHT)

Exceptional Style
that combines fashion,
form and function.

Electric Mirror products are as much a fashion statement as they are a representation of flawless functionality. Here, bold design strikes a balance with intelligent technology to create a mirrored centerpiece that unites dazzling aesthetics with twenty-first century style.

Unparalleled Value
that safeguards your
investment.

Price is temporary, but value lasts forever. That's why Electric Mirror builds the highest-quality products, and designs them to last. With Electric Mirror, you get sophisticated engineering that ensures maintenance-free operation. Mirror glass that won't corrode or yellow with age. And a superior warranty backed by a U.S. customer support team. Combined, it means a total cost of ownership that provides the greatest return for your investment.

Innovative Technology that sets the industry standard.

KEEN™

As the original architect of the lighted mirror industry, innovation has always been at the forefront of everything we do. From inventing the first fog-free mirror, to engineering mirrors that automatically dim the lights, to developing smart mirror technology that is revolutionizing the user experience, we've earned an unequivocal reputation as the industry leader in ingenuity.

Mirror

DuraMirror™

Stands up to the harsh, humid bathroom environment with an exclusive corrosion-resistance technology.

Diamond Clear™

Reduces the green color found in standard mirrors.

Iris® Mirror

Gives the brightest TV viewing experience, offering stunning quality and reduced glare, and allows the TV to completely vanish when turned off — ideal for entertainment TVs and spaces.

V-Mirror™

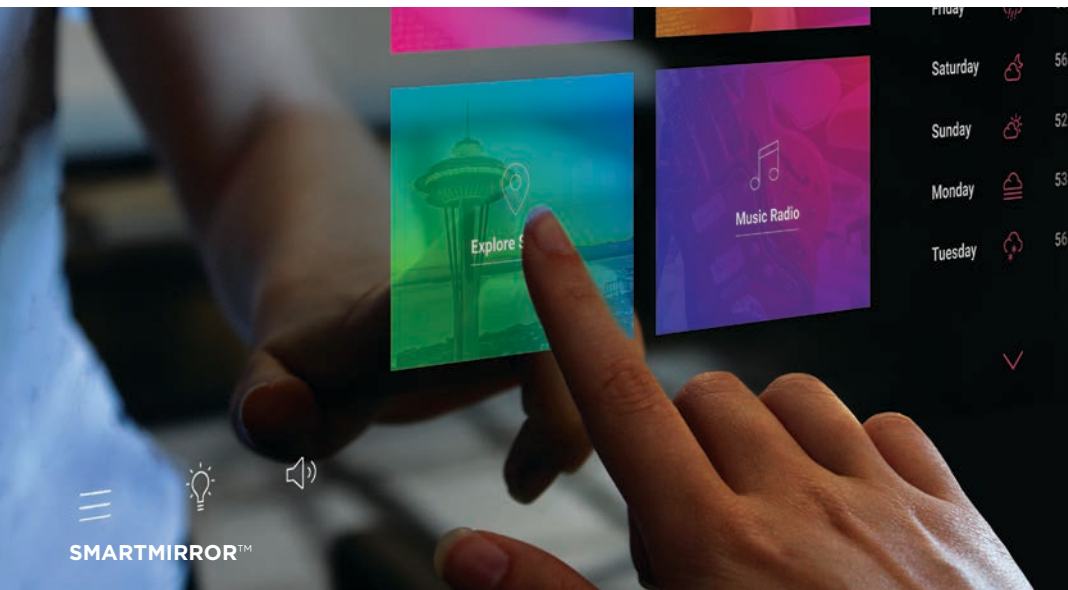

Allows the TV to totally disappear, and provides a slightly darker mirror reflection; ideal for the bathroom.

Spectrum™ Mirror

Provides the best reflective surface, and partially conceals the TV when it's turned off; ideal for bathroom mirror TVs.

B-Series™ Mirror

Provides a highly reflective mirror surface, and leaves the TV area black when the TV is turned off; ideal for all-white or brightly colored bathrooms.

SMARTMIRROR™

SEAMLESS™ LED CLOCK

ASCENSION™ WITH KEEN

NIGHTLIGHT

Light

LED Lighting

Offers energy efficiency and lifetime value, and is available in an industry-leading array of options.

Dimming

Controls your mirror's brightness and enhances your room ambiance, and is available in a variety of dimming solutions to meet your every need.

Keen™

Provides affordable dimming, nightlight and energy savings with a touch.

Ava™

Takes task lighting to a new level, changing the LED light color to make precise makeup application possible.

Nightlight

Enhances nighttime visibility and safety with amber-colored light that supports circadian rhythms and minimizes sleep disruption.

Function

SmartMirror™

Connects you to a world of information, functionality and convenience using voice and touch technologies.

Lighted Mirror TV

Offers a convenient, valuable benefit in a bathroom setting.

Northstar™ Waterproof TV

Creates the perfect TV-viewing solution near tubs, showers, and kitchen sinks.

Entertainment Mirror TV

Functions as an HDTV when on and beautiful statement mirror when off.

Eclipse™ TV Cover

Turns any flat screen TV into a beautifully framed mirror when the TV is off.

Vive™ Music

Upgrades the mirror into a wireless stereo system, creating a streaming audio experience.

Seamless™ LED Clock

Ensures you're always on time with a beautifully integrated clock.

Defogger

Prevents a section of the mirror from fogging up with steam.

Availability of options varies by product; see spec sheets for details.
